

AIRPOWER® BUTTERFLY CONTROL VALVES

Vortron Industrial provides a single source for your complete air blow-off process. All AIRPOWER® accessory components have been engineered to compliment our high-efficiency blowers and air-knives, providing maximum velocity and mass flow at the lowest operational cost. Selection of the proper components will assure you of superior air-knife system performance.

Designed For Maximum Performance of Your AIRPOWER® System!

- Valves specifically designed with bleed - protects blower systems from harmful “surge” conditions.
- Superior Materials - Machined billet/anodized aluminum body with stainless steel and brass components.
- Valve body features integral hose beads for secure attachment of flex hose.
- Use for up to 225°F application temperatures.

Description	2"	3"
OD Inlet	2.0"	3.0"
OD Outlet	2.0"	3.0"
Length (L)	4.0"	5.0"
Material	Aluminum	
Finish	Anodized	
Approximate Weight	1.2 lbs.	1.6 lbs.
